President's Report September, 2022.

This year is flying by. The committee has tried to do the best for all members.

We have had Zoom meetings for the Members that can't come to face to face demonstrations.

We have lost many members this year. Members that have put a lot into Macknit. They won't be forgotten. Many of you would know Ken Richards. Those that have a G-carriage have probably had it fixed by Ken also your machines. Thank you Ken for your service to Macknit.

At the end of September we will be having Owen Conlan demonstrating at Epping Creative Centre on Sunday 25th September. We have many talented knitters amongst us and we would like to have these people show us their special talents.

If there is any particular subject you would like to see please let us know.

This month seems very light on articles. If there is an Article you would like us to put into the newsletter please send it in. Other members are very interested in what you have knitted.

The days are getting longer and lighter. The spring gardens are looking a picture and makes us want to go outside. It helps to brighten our days to know the warmer weather will be here soon, and lets hope the rain stays away for awhile.

Hoping you are all keeping well and safe.

Margaret Tulloh

President

Have you? Got any tips to pass to our readers? Used a new piece of kit or gadget you could review? Overcome a problem in a novel way?

PLEASE send it in so other readers can benefit.

WORKSHOP BY ONE OF OUR EXPERIENCED KNITTERS

Creating textured knits

by Owen Conlan

10AM - 3PM

SEPTEMBER SUN 25, 2022

EPPING CREATIVE CENTRE

DENCE PARK, 26 STANLEY ROAD

EPPING, NSW

An introduction to a range of knitting techniques for both single and double bed machines to create textured knit fabrics. Techniques include single bed slip, tuck, and hand manipulation and double bed release stitch. Whether you have a basic, punch card or electronic machine this workshop will provide you with the inspiration and confidence to try these textured knitting techniques at home.

\$35 members, \$55 non-members includes 1 years membership

register online: macknit.tiny.us/2022Owen

Coming Soon: Bill King Zoom Workshop

26 November

The Committee is pleased to let you know that we have booked another Zoom workshop with Bill King for Saturday 26 November, time to be confirmed, either 9.30 or 10.00 am.

I've asked Bill for a workshop with the ribber. One member said to me, "*I'm a newbie, an advanced ribber class will be way ahead of me*" Well. Not so. Bill has amazing

ways of simplifying a complicated looking swatch with very easy to follow (and do) techniques.

One of the recent classes I took with his presentations was for short row ribbing, which I decided to try out on my green cardi. And Oh My, it worked out so well (many compliments from Epping people – thanks Bill!)

To add to the excitement, here's a screen shot of one of his (it can't be that easy!) creations, and my short row collar.

Margaret will send out a flyer with info of how to register closer to the date.

Lorna Roache – on behalf of the Committee

LIVE -IN -WEEKEND—KINCUMBER

13-16 June, 2023.

The dates have been finalised for our next
live-in-weekend.

Please place in your calendar

VALE—KEN RICHARDS

17.07.1940 - 06.08.2022

Ken Richards was a familiar face at many machine knitting clubs and events, here in Australia and in America. Ken was the man that we turned to fix our garter carriages. He was sent machines to fix from across Australia and spent many, many hours striping and reassembling garter carriages. He was very supportive of me, the ladies he met and of the machine knitting craft in general. Ken was a real old fashioned gentleman, always helping where he could, always happy and he was always smiling. He was liked by many and will be missed by all of the machine knitting family. He enjoyed keeping their garter carriages running smoothly and was fixing them right up until he took ill. He is a great loss to us all, he will be missed and is forever in my heart.

Jan.

Thank you Ken from all the Machine Knitters that you have helped over the time.

BILL KING AND ALISON DUPERNEX LINKS

Thanks to everyone who attended our two Zoom sessions this year.

Both sessions were recorded and the links are below for you to re-watch at your leisure.

Bill King - <https://youtu.be/a9VhZHACo8Q>

Alison Dupernex - <https://youtu.be/ijg2cZqIA-E>

TRADERS DAY—30TH JULY, 2022

Macknit held its annual traders' day for the first time since 2019 on the 30th of July. It was lovely to be back and our traders had wonderful yarns and other wares. It was great to see so many people enjoying the shopping and the company. Members also gave demonstrations and staffed the macknit stall in the back room. Hopefully these photos will inspire members to knit down their stashes so they can stock up again next year. Thanks again to everyone who helped out on the day, we really couldn't do this without you!

All knitted Kitchen Towel from Lorna Roache

I took measurements from one of Eleanor's Favs.

I use 4ply cotton.

Measured Eleanor's towel and topper: 40cm wide 30 cm long then topper. So this is what I ended up doing.

L = double length – I think it's Card 7? Don't know, I use the elongated lever thingy

S = single length.

Card 1 - elongated T7

CO 90

RC000

RC2

Select TUCK, **L**, to RC 32

Select SLIP, **S**, MT+3, to RC 42

Select TUCK, L, MT, to RC 220

Knit 4 RC 224

Take off all sts from the machine, my preferred method is on long circular needles.

(Eleanor's old towel topper: Started with the 90 sts which need to be reduced to 50 sts.)

Turn work over, moving carriage to the other side (*you've taken OFF THE WORK in case you're reading ahead and forgot I said to do that*)

Put the first (and last) 5 sts onto the machine starting on L25/R25 then put 2 sts on the next 40 needles (dec 2 tog on L20/R20) till 5 sts are left, then place them on the remaining 5 needles 5/40/5 (90 sts becomes 50)

Knit 2 rows RC 226

Next Dec every 3 row till 32 sts are left

(28 rows 32 sts RC 244)

RC 245 halve sts to 16sts (take off like before and put 2 sts on each needle)

RC 246 side dec 14 sts

RC 248 dec 1 in the middle 15 sts

RC 251 side dec (2) and 2 sts in the middle (3 sts in total)

9 sts remain (but I think 10sts was better – so adjust around to it works out that way)

about 20 rows RC280

then buttonhole:

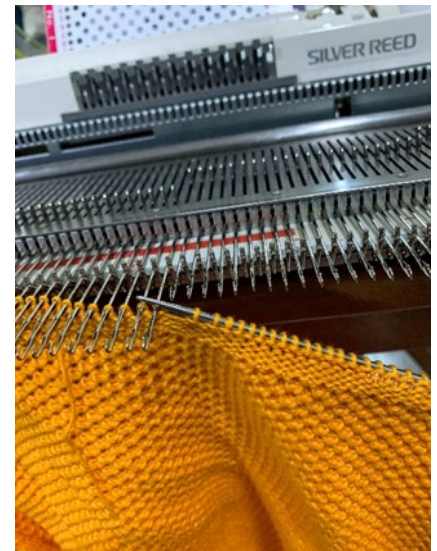

2 centre sts to next needle, take one out of work

knit 1 row

place the dangling bit of yarn onto the left needle, bring needle back into work,

Knit 3 more rows

cast off AGP

IT'S TIME

**TO START TO PLAN AND KNIT
YOUR ENTRIES FOR THE 2023
SHOW SEASON**

SYDNEY ROYAL 6TH TO 17TH APRIL

CANBERRA 24TH TO 26TH FEBRUARY

NEWCASTLE 3RD TO 4TH MARCH

BLACKTOWN 11TH TO 12TH MARCH

HAWKESBURY 28TH TO 30TH APRIL

SYDNEY AND CANBERRA ARE IN FINAL PLANNING

NEWCASTLE DETAILS ARE ON LINE

BLACKTOWN & HAWKESBURY AVAILABLE SOON

**PLEASE TRY TO ENTER THE SHOWS IT IS ONE OF THE FEW
OPPORTUNITIES WE HAVE TO SHOW THE PUBLIC THAT
MACHINE KNITTING IS STILL THRIVING**

**NOTICE— FROM ILLAWARRA MACHINE KNITTERS
CHANGE OF ADDRESS**

The Illawarra Machine Knitters have had to change their meeting place. This has been mainly attributed by the rising cost to rent the council hall we have been using for about 30 years.

We now met in the Sassafra Room, within Heining House, which is part of the Ribbonwood Centre, Dapto.

The Building is accessed from Heining Street, Dapto. There is off street parking available, with street parking as well.

There is also good public transport both bus and rail. The bus stops right outside the building and it is about a 10 min 'flat walk' – give or take – from the station.

MEETINGS ARE NOW HELD ON THE FIRST THURSDAY OF EACH MONTH. 10.30am until 2.30pm. As usual visitors to our meeting are always welcome. Please call Diane 0439 406 224 for any further information needed.

**THREADS OF FRIENDSHIP
NEVER BREAK.**

Thank you for the laughter
For the good times that we share
Thanks for always listening.
For trying to be fair.

Thank you for your comfort
When things are going bad
Thank you for the shoulder
To cry on when I am sad.

This is a reminder
That all my lifetime through
I'll be thanking Heaven
For a special friend like you

From Pat James.

FROM A COUNTRY KNITTER

The American website Knititnow (knititnow.com) offers a range of dynamic, 'any stitch, any yarn, any gauge', knitting patterns. Earlier this year (in search of inspiration for a jumper for first granddaughter) my attention was caught by the Knititnow dynamic update of a vintage machine knitting pattern called 'Tuck Baby Trio'.

The original pattern was a closely striped, tuck stitched, baby jumper, teamed with plain leggings and a tuck stitched, striped, baby blanket, knitted at a standard gauge of 40 stitches and 60 rows. The little jumper had a shaped front neckline, a back neck opening and a deep, button band placket, with 3 buttons. Bramwell fine 4-ply was the original yarn choice, in pastel shades.

I decided to give the pattern a go on my LK150, using a merino baby yarn at a gauge of 26 stitches and 36 rows for 10 cm. The yarn colours are dark blue, magenta and lemon. I used a simple colour block design in stocking stitch, with mock rib cuffs and welt, rather than the original stripes and tuck.

Happy to report that the choice of three kitten shaped buttons met with the baby's enthusiastic approval. (I could have just sent her a packet of buttons, of course, but a whole jumper is harder to chew!)

https://www.knititnow.com/KIN_images/garments/tuck_baby_retro.jpg

Cecilia Lenagh

Which is the best knitting machine for home use?

The Best Knitting Machine in Each Category

Best Flat Knitting Machine – Silver Reed LK150 (Amazon)

Best i-Cord Knitting Machine – Prym Comfort Twist Knitting Mill (Amazon)

Best Punch Card Knitting Machine – Silver Reed SK280 (eBay)

Best Electric Knitting Machine – Brother Knitting Machine – Electroknit KH910 (eBay)

ACT & REGION MACHINE KNITTERS GUILD

SEPTEMBER 2022

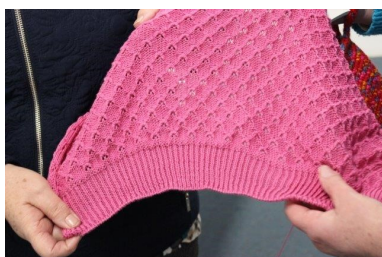

18 Knitters are looking forward to our Live Out Weekend from 16th to 18th September and we are also looking forward to the Eleanor Goldfinch Passap workshop in October.

Rhonda went to the Macknit Live in Weekend and started to make a vest using a lovely tuck stitch pattern.

Rhonda also knitted a trauma bear at Macknit Live in Weekend and has now completed her lovely little bear.

Barbara also went to the Macknit Live in Weekend and practiced with her G Carriage. Barbara now feels ready to make a G Carriage garment.

Di didn't go to the Macknit Live In Weekend but has knitted squares out of scraps of mostly what she had then sewed them together and quilted it to a piece of fabric which colour matched very nicely.

Rhonda's Tuck Stitch

Rhonda's Trauma Bear

Barbara's G Carriage Sample

Di's Blanket

Canberra Show: It is planned that the Canberra Show will go ahead next year – date to be confirmed. The Theme is Earth, Wind and Fire. If anyone would like to enter, it would be greatly appreciated.

LINKS - FROM A TRUSTED FRIEND

Hello All.

Our summer is fast approaching, and we need to remember to wear a hat when outside to protect our delicate skin.

While ferreting around on my laptop I found this video and pattern for a Passap sun hat.

https://www.youtube.com/watch?v=EkRARihEGzc&t=341s&ab_channel=ArtOfClay

Now, I'm not particularly skilled at Passap(ing), but I'll have a go to see what sort of tangle I can manage.

Perhaps someone else might like to try as well.

Beverley.

Newcastle Machine Knitters

We had our last meeting at Holmesville in July. Being the end of the financial year the council have asked that we have personal liability insurance and be incorporated. For such a small group as we are, since main covid 19 shutdowns, it was not considered sensible to increase fees but much better to look for a venue which would allow us to meet without all the requirements to be imposed by Lake Macquarie council. Everything has been removed from Holmesville (all machines, books, cupboards etc. have been sent elsewhere.

For our next meeting in August we should knit a suitable length of knitting to wrap trees in Newcastle wetlands.

Edgeworth Bowling Club have come to our rescue and have allowed us to use their auditorium for our Sunday beginners day and our monthly meetings beginning in August. They have a cafe for hot coffees and light lunches and we enjoyed that very much. The Auditorium was very suitable for our meeting and we have found a home there for our demonstration knitting machine.

Last day at Holmesville.

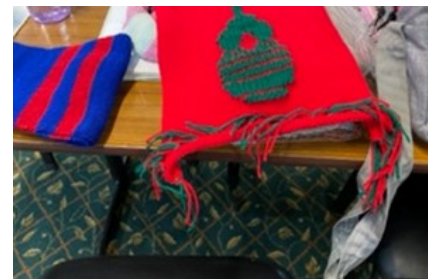

Our new venue Edgeworth Bowling Club

Leonie demonstrated lace on our machine but the lace carriage could not be found so it was hand transfer only

Next meeting we will have Leonie demonstrate fancy raglan armhole then at the November meeting we are to construct a child's cardigan using this demonstration and bring the finished article to the meeting.

The Sunday hands on for September had about a dozen people there discussing problems and Kay showed a small group how to do lace on a 940. A very informative demo on how many things can go wrong. It ended up ok!

Show and tell

BRISBANE WATERS MACHINE KNITTERS

Between Covid and Illness there hasn't been much at Point Clare.

We finally got to do DesignaKnit at the last meeting.

After morning tea we sat down for the serious task of getting our minds into gear (that was tough going).

We had an expert male that gave his opinion on many garments.

We all left early as Margaret and Mick had to attend a Fathers Day function at their daughters.

The next meeting will be held on the 1st October.

See you all there.

Thanks Mick for being such a good sport

EPHING CREATIVE MACHINE KNITTERS

We meet on the second Saturday and third Thursday each month at Epping Creative Centre, 26 Stanley Road Epping from 10.00 am.

Our next meetings are on Sat 10th and Thursday 15th September, then Sat 8th and Thursday 20th October from 10.00am. BYO cup and lunch.

At our meeting on Thursday 18th August, Lorna, Carol & Barbara spoke about their recent visit to the Machine Knit Festival in New Zealand. Carol had done a pretty baby jacket demonstrating a lovely edge, done with the main knitting, Thank you all.

On Saturday 10th December, we are having a full day workshop with Sue Bennett, the topic being "Using your ribber". Free to full financial members of ECMK, but visitors are welcome at \$25.00 pp. Please RSVP by 20th November, to email below.

Anne K sells cashmilon and wool blend on cones at our meetings.

Contact anne.kintominas@bigpond.com

The club has quite a collection of machines, spares and bits and pieces. If you need anything, please contact us.

Details of the ECMK club are on our website

www.eppingmachineknitters.com

Barbara Fletcher
